British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,

—AND—

Blackwood's Edinburgh Magazine

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise As literary organs they stand far in advance of any works of a similar stamp now published while the political complexion of each is marked by a dignity candor and forbearance, not often found in works of a party character

They embrace the views of the three great parties in England—Tory Whig and Radical—Blackwood and the London Quarterly are Tory the Edinburgh Review Whig and the Westminster Review Radical The North British Review is more of a religious character having been originally edited by Dr Chalmers and now, since his death being conducted by his son in law Dr Hanna as assisted with Sir David Brewster Its literary character is of the very highest order—The Westminster though reprinted under that title only is published in England under the title of the Foreign Quarterly and Westminster it being in fact a union of the two Reviews formerly published and reprinted under separate titles It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers in a beautiful clear type on fine white paper and are faithful copies of the originals Blackwood's Magazine being an exact fac simile of the Edinburgh Edition

TERMS

For any one of the four Reviews		$3 00 per annum

CLUBBING

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals For this and other advantages secured to our subscribers we pay so large a consideration that we may be compelled to raise the price of the Magazine

☞Something may therefore be gained by subscribing early

Health Restoring Bitters,

PULMONARY ELIXER,

Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c

None genuine unless signed on the wrapper Stephen Jewett & Co with a pen to whom direct all orders

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT of Rindge N H

Principal Office,—No. 30, Indian Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE N H April 1 1848

To all whom it may concern

I the undersigned do hereby certify that I was acquainted with the late Dr Stephen Jewett from my childhood up to the time of his death and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living and that in the year 1811 I was afflicted with jaundice palpitation of the heart pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett of Rindge N H, and I cheerfully recommend them to the public as safe and invaluable medicines—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums Try them and judge from facts and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended of any that I have ever known

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters acting as they do upon the Stomach Liver and Bowels removing all the morbid secretions thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick The remark is strictly true, for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others in their original by calling on the proprietor

BOSTON May 15 1848

To all whom it may concern—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back loss of appetite languor and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me my appetite improved and my health has ever been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters

(Miss) E H RUSSELL Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season Every body should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates

WINCHENDON Mass March 10, 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally, to inform you all who may have been afflicted as I have that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer—For months I have been a great sufferer I had pain in my left side sore throat, constant cough, and raised a good deal of bad looking matter My strength was gone and my flesh was wasting away I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

Yours truly THOS CUMMINGS

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain curing Lameness Cramp Pain or Weakness in the Back Joints or Side, Rheumatism Weak Stomach &c* and when used in connection with the Bitters in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back well known to those suffering with such diseases These Plaster from the quantity and quality given is vastly cheaper than and superior to the 'Poor Man's' or any other Plasters, and can be made any size wanted, without waste One roll will make five good sized Plasters A single trial will be all the certificate necessary

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the human System, and saves Thousands of Lives Annually

6,000 CASES

OF SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS of which proof can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it as is objected to all other Sarsaparillas that they are Weak Cloudy Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from impure Blood!

CONSUMPTION CURED WHO

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill EXHIBITS astonishing as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for Diseases of the Lungs" Some will smile yet at this REMARKABLE Cure but hundreds are known to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the

Severes Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DARK OF DEATH seems ready to strike the sufferer And the reason for this is that it makes the BLOOD perfectly Pure Rich Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish Skin yellow Nerves deranged It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and stops it then removes it then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superiority Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail But this Sarsaparilla has the SPECIAL ability to cure every Disease Affliction or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches Pimples, Freckles

John S. Sayward,—Editor.

THURSDAY, MARCH 29, 1849.

Appointment to Office.

The subject of establishing some general rule to apply to the subject of removals and appointments, has, if reports and rumors may be relied upon, been considered in Cabinet councils — There will undoubtedly be embarrassments in fixing upon a rule which shall apply generally to the country but these embarrassments give way upon a close examination of the matter — For long years under the partizan rule of the administrations since John Quincy Adams, the Whigs have been as a party, one and all, placed under the ban of proscription Justice then demands that first and foremost this ban be lifted from them, and that all the injustice which has been meeted out to them on account of this long continued proscription should be rectified They ought at least to command half the officers in the government even upon a new and over generous adjustment of patronage by balancing it between the parties To this view the most open mouthed no-party man ought to agree, much more all those who for years past have acknowledged it as a part of the creed, that the offices belong to the victorious party

But as those now in office have had an over share for so long a time, a little under share now, is no injustice There ought to be a little of the spirit of restitution

Aside from these principles, there are many in office who are inefficient, incompetent and who disobey the law, or have prostituted their offices for party ends and interfered with the politics of the country These men ought to be removed for cause

There is yet another view of this subject which is that in the present mode of conducting the political affairs of the country all parties demand, and the people, as a whole expect that the administration, when it comes into power, will generally appoint men to those public offices for which , I deem measure it is responsible

Some of the papers in referring to the consideration of the subject of appointments by the Cabinet, have stated it in the ludicrous form as though the question was with the Cabinet, "Shall there be proscriptions? Now there is no man in the Cabinet who would entertain such a question We put down all such matters as gossip

In reference to the subject of appointments as near as we can learn the matter it seems that the administration intend to exercise great caution and prudence, and of this there is great need, for they should labor to strengthen the administration by satisfying the people that every newly appointed officer is as good as the one removed There will be many removed for cause, and with others there will be a judicious weeding, and thus at length a fair balance of the offices will be filled by friends of the administration, and who will feel an interest in making it promotive of the public welfare

☞ Mr Giddings since his return home to Ohio from Congress has declared in a speech, that Gen Taylor had used his personal influence with members of Congress to induce them to vote in favor of the Walker amendment to the appropriation bill for a territorial government in California, the effect of which would be to extend slavery

The charge of Mr Giddings upon Gen Taylor of using his personal and official influence in favor of the extension of slavery, especially in the manner it was attempted, has been promptly met by those who were at Washington at the time and who pronounce it untrue and destitute of foundation It is considered as the coinage of a diseased, and fanatically false and affected brain

Those who have studied the character of Gen Taylor cannot but be slow to believe in the truth of any such charge coming from any quarter, unless sustained beyond, all question or cavil It could not be true without the violation of many of the express and emphatic declarations some of which appear in his admirable inaugural address

It is to be regretted that Mr Giddings should have so far lost his balance as to have volunteered such charges against the President for by so doing and continuing the course, he will sink himself to the lowest depths of political party hacks who crawl in the slime of their own filthiness

☞ We would refer our readers to the advertisement of Messrs Davis & Blake of Portland who have commenced there in the manufacture of elegant straw goods and with which they can supply to the people of Maine as good articles as their money can buy any where under the sun It is supposed that at least one hundred thousand dollars goes out of this State every year for the payment of straw goods which may just as well be manufactured within the State These men possess the capital and the skill to make their manufactures successful, and if our people manifest any earnestness about Maine work they may, without knowing it, purchase the same in the best establishments in other cities In the great and in the small matters the people of Maine must be careful to support their own They have been prodigal in their expenditures, and unmindful of the prudent husbandry of resources which are to signal them as a community, until the question begins to be started of what we shall continue to subsist upon and what we are to consider the greatest elements of the prosperity of Maine Active industry and an enlargement of manufactures, with a prudent economy and a distrelish for getting into debt, and a perfect hatred of small debts, will do much for the welfare of our State and people. One point in this system is to sustain your own straw manufacturers

☞ A man in New York city who makes it his business to study the money and business movements, writes, that in the course of six weeks our country will be receiving coin by every steamer from Europe, and large amounts of gold dust from California by every arrival — The price of produce will be low but there will be no little [illegible] demand for it at the low price, while American stocks will be sought for [illegible] In this way he thinks that [illegible] by and by [illegible] will be very dull [illegible] cheap

How the party declined.

A correspondent of the Portland Umpire mentions some of the leading methods which have contributed to the present prostration of the democratic party. The views he expresses may be worthy the consideration of those who not only desire to understand the workings of party organizations but who are earnest to maintain the integrity of their own

He remarks that "no machinery can go into successful operation without the agency of some contriver, and no political party can move to any good purpose without directors But those directors must themselves be led by the public will, and be first, in example, in cheerfully submitting to public opinion But when they peremptorily bring their own opinion in opposition to the public, and claim dictatorial authority instead of conciliatory reasoning—seize upon all office privileges, and parcel them among themselves—all honest men will become disgusted at such palpable violations of the fundamental principles of democracy and choose to abandon their elective franchise rather than to be regarded the abettors to the prostration of principle "

It is not a safe state of things when honest men are driven from influence in a political party by the blustering parade of selfish unprincipled demagogues who combine for the purpose of plunder Their only weapon is secret slander—a poisoned dagger concealed under a cloak to use in the dark The wound is given and the victim perceives it not He is not aware that a sore is rankling in the bosom of some formerly esteemed friends from this stab in the dark, for he feels it only in their subsequent shyness and apparent withdrawal of confidence in his integrity

"A vast majority of the electors are of the producing classes—laborers, farmers mechanics artizans &c The supreme power and physical force is lodged in their hands with perfect freedom morally to use it to their best advantage Is not this freedom worth preserving? Liberty of labor ers has an insidious enemy in this as certainly as in all other countries, and this enemy requires the united vigilance of all the laboring classes The whole body of laborers have one interest which should and would unite them on all important elections did they give the attention to the measures of government their welfare requires, and public duty demands

☞ A new and commodious Hall is much wanted in this city especially on unusual occasions for instance when a *stranger* of note is to make a speech or read a composition Market Hall when picked ful is not considered by many the safest place in the world the City Hall is a dirty place and too small besides and the meeting houses are not and very properly, used for other than religious purposes We are therefore pleased to learn that we are to have another Hall, Charles Stetson Esq contemplates erecting several stores at the foot of State street east of his granite block and extending to —— street and throwing the upper story the whole length of the building into a single room which will make the largest Hall in the city

Democrat

We should be glad to learn that either public or private enterprise was likely to give to our citizens a commodious public hall but the remark as to Mr Stetson must be less than moonshine The section of the building already erected does not seem to contemplate a public hall as the building seems to be but two stories high of common length posts and built upon an inclined plane of some five or six degrees If a good public Hall can be constructed under such disadvantages it is something new

The fact is there ought to be immediate steps taken by the city for building a commodious hall or for erecting for itself a snug City Hall leaving the matter of providing a good public Hall fully open to private competition As it now stands no person is disposed to go into such an enterprise while the city occupies the position of suddenly becoming a competitor in the business The city ought to act in reference to the matter and in a manner not to prevent if it cannot promote private enterprise

South Carolina Chivalry

A meeting has been held in a little town called Marlboro, some where in South Carolina, at which a committee of Public Safety was appointed to meet with them in Columbia on the first Monday in May next, to consider of and devise a system of non intercourse in trade and commerce with the non-slave holding States, with the view of recommending the same to the people of the State! Everything passed off quietly at the meeting notwithstanding an ominous preponderance of Generals, Majors Colonels, and Captains, among the officers and speakers The sun arose the next day as usual

Justice to the Families of those who fell in the Mexican War

Among the acts passed by the present Congress is one approved on the 24th ult, giving five years half pay to the widows and orphans of every officer, non commissioned officer and private who served during the late war with Mexico, and was honorably discharged, or continued in service up to the day of his death, and whose death was in consequence of wounds received or disease contracted within the line of duty

Warning to Young Ladies.

Miss Cruse of New York is in an insane Asylum in New York, the Sun says, for marrying her father's gardener All the keepers, except Dr Earle consider her perfectly sane She still declares that she will marry Patterson, should she ever get out He attempts to see her and the humane friends threaten to shoot him if he does not keep away

He is represented to be an intelligent well educated young man, whose family is now reduced, but was once far more affluent than that of the young lady

Californians.

The whole number of vessels that have left for California since the commencement of the movement is two hundred and fifty five In addition to these, fourteen steamers have been constantly taking passengers to the Isthmus and numerous companies have started over land — The last of the latter was the Congress and California Mutual Protection Association which started from Boston on the 19th inst for San Francisco via St Louis and Independence It numbers forty-one members Maj John Webber, Jr of Roxbury is first officer

Auripodina or, Adventures in the Gold Region, by Cantell A Rigly New York Baker & Scribner, 1849

This is a work of something rising one hundred pages, and is the production of some dreamer who expects a hearing in the midst of stirring facts, the one of which is worth a world more than all his lander We have not read the book through, and cannot afford the time for it A few dips into it has satisfied us that it is worthless It is a pity that so much good paper and printing and binding should all go for nothing but we have no responsibility in the matter, not even in increasing the sale of the work

☞ Robert [illegible] appointed [illegible] Assistant [illegible] Post of U.S. District [illegible] for Massachusetts—and the [illegible] day

A Distressing Case.

A Mr Arthur Pennell, a baker of Syracuse, makes an impressive appeal to the newspaper publishers of the United States and Canada, to assist him in discovering the whereabouts of his wife and child, who arrived in New York from London in October, 1848, in the ship Orleans, and have not since been heard of The lady's maiden name was Edwards, she is about thirty years of age, and is a native of Warminster, in Wiltshire

☞ We have been frequently requested to call the attention of the cultivators of Flowers and Fruits in our city to the subject of forming a society for the purpose of getting up exhibitions of the productions of Bangor We heartily approve the measure, believing that an exhibition of flowers in July, and another of flowers and fruit in October would not only be very pleasant but suggestive to other minds a promoter of good taste and a decided advantage to all

☞ The editor of the Cold Water Fountain, who attended the celebration of St Patrick's day in this city in giving an account of the proceedings, mistakes the vote to constitute the editor of the Whig an honorary member of the Society, as a vote to make him an Irishman Quite a difference The vote passed, we deem highly and undeservedly complimentary, while the other could only have been a joke

It is announced that Mr Horace Vaughn of East Greenwich R I has made the past season, one hundred barrels of wine from vines growing wild within a few miles of that place some of the farmers the ready, thriving ones in Massachusetts are cultivating the grape on all their stone walls Of the fruit they make jellies, pickles wines &c for market There are some native grapes that would thrive well in this vicinity

☞ The amount of flour and wheat in store at the West and the principle depots on the lakes and canals is very large This great surplus is to be brought forward on the ruling low prices and still declining in Europe The earlier our people meet the actual value of their products and push forward business on the real basis the better

A delegation of the Buffalonians waited on President Taylor the other day with a box of fat beef, from the butcher's establishment of M O Barnes of the Western City A Mr Harrington made a rather long patriotic speech to the Old General and then delivered Mr B's letter accompanying the meat The old Hero [illegible] a pertinent reply

Dinner to Mr Clay.

The Louisville Democrat states that the friends of the Sage of Ashland are making arrangements to give him a public dinner in Louisville on his return from New Orleans

☞ Mr and Mrs Forbes concert on Tuesday evening was fully attended, and the singing was really charming All our best singers were out and did their best in paying a well deserved compliment to their old friends

☞ Horace Greeley lectured at Gardiner on Saturday evening, and was engaged to lecture at Portland on Monday evening His lecture at Bath on 'Social Progress and Individual Culture is highly spoken of by the Bath Tribune

☞ The spring wheat in Western New York appears highly promising

☞ The Liverpool Chronicle has a parody on the 'sorrows of a poor old man, entitled 'The Begging Imposter's Petition' the first stanza of which is

'Pity the sorrows of a poor old man
Whose bandaged limbs have borne him to your door
Who rolls his eye balls on a famous plan,
Which he has practised for a month or more

Trial for Arson.

The dwelling house and barn of Joseph P Deane, Esq in Cherryfield were discovered to be on fire on the night of the 3d of March last and were entirely consumed These buildings had not been occupied since November last, Mr Deane and family having removed to Portland They were situated about twenty rods from the main road, and stood alone on a beautiful eminence

There was no doubt at the time that the destruction was caused by the hands of an incendiary and suspicion soon generally rested on *Otis Lunt and his wife* No steps were however, taken to arrest them till Tuesday last when they were brought before and tried for the offense by Joseph Young Esq, of Cherryfield and J thro Lippencott, Esq of Columbia The examination commenced on the morning of that day and continued with little interruption till after nine o'clock on Saturday evening following It was conducted on the part of the State by William Freeman and Joseph P Deane Esqrs, and on the part of the Defendants by Caleb Burbank, and Samuel Burbank, Esqs After an able argument for the defendant by C Burbank, which lasted about four hours, and one of equal length in behalf of the State by W Freeman, the Justices ordered the Wife of Lunt to recognize in the sum of $1000 to appear and answer to the charge against her before the Supreme Judicial Court, which will sit at Machias in July next

There was a good deal of testimony in the case of course, as it required five days to investigate it, and although it was of a circumstantial character, much of it was strongly criminating It was difficult to make any legal distinction between the accused, but as no threats were proved against Lunt and as he had hitherto been considered a peaceable and inoffensive man, and the public sympathy seemed to be on his side, the justices were probably, but I think with many doubts, induced to discharge *him*

We have never had a trial in this town which occasioned more excitement, or which was attended by so great a throng, where interest and attention were manifested to the last.

It is well known that Joseph Adams Esq is an old, experienced and faithful Magistrate of this town, and needs no praise here Mr Lippencott in this examination acquitted himself with a good deal of credit, and manifested much intelligence with the rules of evidence and principles of law. The whole trial was marked with patience, impartiality and decorum, and [illegible] that the accused might not be deprived of [illegible] to exculpate themselves Much more [illegible] said [illegible] the result of this enquiry, but this notice is already lengthened out [illegible] than was intended to [illegible]

Cutting it Short.

A barber having a great gift of gab used to amuse his customers with his long yarns while he went through his functions on their heads and faces One day an old codger came in, took his seat, ordered a shave and hair cut The barber went to work and began, at the same time one of his longest yarns to the no little dissatisfaction of the old gentleman who becoming irritated at the barber, said—

'Cut it short

'Yes sir, said the barber continuing the yarn until the old gent again roared— cut it short I say, cut it short!

CAUTION.

[From the (Boston) Chronotype]

The great popularity of Wistar's Balsam of Wild Cherry has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well earned reputation of this truly valuable medicine — The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of the Wild Cherry for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which 'human flesh is heir to " or preserved the health and life of so many thousands of our race as has Dr Wistar's Balsam MR SETH W FOWLE, druggist No 138 Washington street, is the sole proprietor of the original receipt for the manufacture of the genuine medicine and supplies it both at wholesale and retail and of whom also agencies can be obtained

THE GENUINE AND ORIGINAL DR WISTAR'S BALSAM OF WILD CHERRY has been extensively COUNTERFEITED in Philadelphia, and some thousand bottles of the spurious imitation thrown into the market and extensively circulated — THIS IS TO CAUTION DEALERS AND THE PUBLIC GENERALLY AGAINST PURCHASING ANY OTHER THAN THAT HAVING THE WRITTEN SIGNATURE OF I BUTTS ON THE WRAPPER.

Ayer's Cherry Pectoral,

For Coughs, Colds, Croup, Asthma, Hoarseness, Hooping Cough Bronchitis and CONSUMPTION!

The Remedy that Never Fails!

TRULY Truth is stranger than Fiction! CONSUMPTIVES, READ THIS!!

Norwich, Conn, April 26, 1848

Dr J C Ayer—Dear Sir—Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL, and they have been astonishing indeed Mrs Betsy Wheeler had been afflicted with a severe and relentless cough, which reduced her very low; so low, that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral That, and that alone, has cured her George Wilkinson, Esq, had to our knowledge been afflicted with Asthma for eleven years, and grown yearly worse until the Cherry Pectoral has now removed the disease, and he is as free from any of its symptoms as we are The Rev Mark Daniels had been so severely attacked with Bronchitis as to disable him from his public duties, and nothing had afforded him relief until I (Mr Copeing) carried him a bottle of your Pectoral which cured him at once, and he now officiates as usual in his place. These are three of the cases in which we have known it succeed, but never to fail, We have great pleasure in certifying to these facts, and are respectfully, yours ...

REV DAY D CORNING,
Pastor of Preston Plains Church.
HON JOSEPH CASTLES

... Nothing has been offered to the public ... which they can so surely depend ... relief and cure ... truly wonderful ... has at length been found for the scourge and terror ... our climate ...

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter, and warranted superior to any sold It cures without vomiting purging sickening or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

ever known it not only purifies the whole system and strengthens the person, but it *creates new pure and rich blood* a power possessed by no other medicine And in this lies the grand secret of its wonderful success—It has performed within the last five years more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 3,000 children during the two past seasons

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease Consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs, and strength to the muscular system in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, April 28 1847

DR TOWNSEND—I verily believe that your Sarsaparilla has been the means through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

W M RUSSELL, 65 Catharine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS FITS FITS

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, which has been several years afflicted with Fits we tried almost every thing for her but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles Leucorrhoea or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity illness or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude from taking it at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness—It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period "*The turn of life*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of *nature*—not of *powder* or *soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation. Yrs respectfully,

ISAAC W. CRAIN, 106 Wooster st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

SAVE YOUR DOCTOR'S BILLS

Thousands of dollars of doctor's bills have been saved by the use of this medicine, and there is little doubt that if it were more generally resorted to than it is, sickness would in most cases be prevented

NERVOUS DEBILITY—LOSS OF ENERGY

Wright's Indian Vegetable Pills speedily and permanently restore the declining powers of the human body This may at first be doubted, but no fact is better established Those who use the *so distant* Sarsaparillas for this purpose, overlook, in doing so, a medicine far less expensive and more effectual

Clymer, Chautauque Co, N Y, Oct 5, 1848

Dr Wm Wright—Sir—For the last three or four years I had been gradually running down, and finally become so weak that I was unable to perform my usual labor. I was advised to try your Indian Vegetable Pills, and I am gratified to state that by the use of three or four boxes I began to feel like myself again, and am now thoroughly cured

From my own experience I can commend your Pills to the afflicted, with confidence that they will be found a medicine of great efficacy and value Yours truly,

The Great Remedy for Gonorrhea

GLEET, Stricture, and all analagous complaints, is **Dr. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well, known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance, failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time.

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says, "I have suffered beyond my power of description but now I rejoice in being fully restored to health and happiness" Another says, "I thank God I do I that I am a well man I also feel it my duty to proclaim it to the ends of the earth that those similarly afflicted may find relief *Another* (who is an

EMINENT LAWYER,

and well known in this city,) says 'my son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract Its fame," says he, "should and ought to be sounded to the ends of the earth" Another says, 'Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means, under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Bradley 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Russell co, Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he unhesitatingly recommends it in every case of Epilepsy which comes under his knowledge

Curtis G Masberry, Esq, formerly Postmaster at Lime Mills, Crawford Co, Pa, now living in Erie Co Pa states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen E Pratt, corner of Sixth Av nue and Twenty sixth Street, New York states that Mr Charles F. Boughton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health, and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church Spotswood New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore Esq of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months—After travelling through England, Scotland Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland, Germany and France and returned home in the month of November with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing and I can assure you I am not sorry I did so as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH

His reason which was so far gone as to unfit him for business is entirely restored with the prospect now before him of life, health and usefulness He is now 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases but thank God is now enjoying good health

Now, sir faith without works I don't believe in—To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you but please accept this amount as interest on the debt in advance Yours very respectfully,

(Signed) WILLIAM SECORE.

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts, and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the "*most effectual*" and "*certain cures*" for all diseases indiscriminately, to which man or animals are subject

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add, that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of persons friends, and those who have experienced its wonderful medicinal and all-healing properties

To say indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press*, or the 'bought certificates' of individuals, and shall make use of them only so far as they have been, or hereafter may be entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six bottles, which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SLAVEY

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure without success which cost me about forty dollars, I bought 14 oz of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men for the winter lumbering operation I was induced to take a few bottles of your Salve it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed to my great satisfaction, that it was an invaluable article I also made application of it in cases of Cuts Sprains and Bruises upon my cattle and found it equally beneficial It can truly be called the All Healing Salve

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most eligant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit to all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be found

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR. BRADLEE—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully

FREDERIC I STORER, M D

Saco Me, May 22, 1846

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery we are always pleased to give credit for that which is truly useful, and to give information which may benefit others A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Boston, Feb 16, 1847

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life" *Here is a plain statement of* facts in relation to my case, and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway, Me Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases, but could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time.

Sold in large bottles at only one dollar per bottle.

SIDNEY New Jersey, July [illegible]

DR A H CHRISTIE—Dear Sir You wish to know what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about twenty years I had been suffering from Dyspepsia [illegible] the symptoms became worse [illegible] permanent relief from any course of medical treatment whatever. My physicians [illegible] but here their prescriptions [illegible] About fourteen years since in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to [illegible] which for year after year caused me much [illegible] anguish [illegible] the skill of my physicians [illegible] great relief but this relief was [illegible] in the winter of [illegible] preaching a great deal in my [illegible] churches in this region, I was [illegible] Bronchitis which soon became so [illegible] as my Bronchitis [illegible] my Dyspepsia and Rheumatism [illegible] that these disorders were [illegible] through the medium of [illegible] other than being [illegible] discharge of those duties [illegible] labors in which my soul [illegible] highest of her joys

But reasoning from effect to cause I concluded that the Nervous System must be reached before [illegible] could be indulged of my obtaining relief [illegible] these most distressing maladies In the whole [illegible] to be no remedy [illegible] my Nervous System [illegible] tried to [illegible] I was led by my friends to [illegible] your invention, and though with no very sanguine hopes of their efficacy I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the MAGNETIC FLUID This was in June 1846 TO MY GREAT ASTONISHMENT IN TWO DAYS MY DYSPEPSIA HAD GONE IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted I could fill a sheet of paper with the details of particulars but I can now only furnish this brief abstract My Dyspepsia has *never returned*, the Rheumatism once in a while visits me, but not severely and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
